Nature and Extent of Confidentiality: Some of the requirements contained in this information collection affect individuals or households, and thus, there are impacts under the Privacy Act. The FCC's system of records notice (SORN) associated with this collection is FCC/WCB-1, "Lifeline Program."

The Commission will use the information contained in FCC/WCB-1 to cover the personally identifiable information (PII) that is required as part of the Lifeline Program ("Lifeline").

As required by the Privacy Act of 1974, as amended, 5 U.S.C. § 552a, the Commission published FCC/WCB-1 "Lifeline Program" in the Federal Register on August 15, 2017 (82 FR 38686).

Needs and Uses: The Commission will submit this information collection after this 60-day comment period to obtain approval from the Office of Management and Budget (OMB) of revisions to this information collection.

On November 16, 2017, the Commission adopted the Bridging the Digital Divide for Low-Income Consumers, WC Docket Nos, 17-287, 11-42, 09-197, Fourth Report and Order, Order on Reconsideration, Memorandum Opinion and Order, Notice of Proposed Rulemaking, and Notice of Inquiry, FCC 17-155 (2017) (Lifeline Fourth Report and Order), which limited enhanced Tribal Lifeline support to facilities-based carriers on Tribal lands to more efficiently utilize Universal Service funds. This revision implements the requirement that ETCs provide written notice to their customers who are currently receiving enhanced support who will no longer be eligible for enhanced Tribal support. In addition, the Commission seeks to update the number of respondents for most of the existing information collection requirements, thus increasing the total burden hours for some requirements and decreasing the total burden hours for other requirements.
